

Tuningfilm

Your car, your personality

Seriously Cool Technology

Dress your car !

Customization is a structural trend in our society. This is visible through all opportunities available to us to bring our personal touch to what we own: this can be seen through our clothing, home decor, electronics, etc...

Customising our car is totally in line with this trend.

MACtac TuningFilm is recognized across the world by professionals as a high quality car wrapping range.

Thanks to a comprehensive colour trend analysis, MACtac came up with 55 different colours, effects and materials.

TuningFilm car wrapping advantages are:

- cost
- speed of implementation (one day)
- appearance (quality) similar to painting
- original paint mechanical protection (scratches, stone projection, UV,...)
- long durability of colours
- car cleaning as usual
- reversibility (ability to revert to the original colour by removing the film)

Therefore, MACtac TuningFilm contributes maintaining a good resale value of the vehicle.

TuningFilm Benefits

Aestheticism is the most important customer expectation.

Therefore, we focussed our product development on **55 different highly qualitative colours, effects and materials**, hardly achievable with traditional car paint.

- Our Stellar films have an elegant sparkling effects, pushing the limit of metallised effect.
- Our Sublime Glossy films are as shiny as a car paint (80% Gloss)
- Our Sublime Matt films have the right matt level ensuring a good scratch resistance, to keep the original appearance for a long time.
- Our Carbon films really looks carbon: straight lines (not wavy)
- Our Brushed films are nicely and deeply embossed creating nice light reflection
- Our iridescent films shows very nice transition colours
- Our leather film looks like genuine leather

Application

MACtac low tack adhesive system combined with our Micro Bubble-free[®] structure assure a quick & efficient car wrapping.

A close-up photograph of a person wearing a white glove using a heat gun to apply a vibrant green vinyl wrap to the side of a car. The car's body is partially covered in the green film, and the person is carefully smoothing it over a curved surface. The background is dark, suggesting an indoor workshop or garage setting.

Removability

A key advantage of MACtac TuningFilm is removability !

MACtac unique in house adhesive formulation allows a clean removability keeping intact original car paint.

Since last 10 years more than 75.000 cars have been wrapped around the world with MACtac unique adhesive system.

Technical Highlights

- **TuningFilm 800 - Stellar**

140µm cast vinyl, cadmium-free.
Repositionable clear solvent based acrylic adhesive.
Durability : 7-8 years

- **TuningFilm 700 BF - Sublime**

85µm polymeric calendered vinyl, cadmium-free.
Repositionable low tack micro structured acrylic adhesive
Durability : 7-8 years

- **TuningFilm Matt :**

100µm polymeric calendered vinyl, cadmium-free.
Repositionable clear solvent based acrylic adhesive.
Durability : 10 years

- **TuningFilm Carbon BF :**

175µm embossed polymeric calendered vinyl, cadmium-free.
High tack micro-structured solvent based acrylic adhesive.
Durability : 2.5 - 5 years

- **TuningFilm Brushed BF :**

140µm embossed polymeric calendered vinyl, cadmium-free.
High tack micro-structured solvent based acrylic adhesive.
Durability : 2.5 - 5 years

- **TuningFilm Iridescent Blue-Green & Fuchsia-Green :**

100µm soft cast vinyl, glossy, cadmium-free.
This product has 2 colours according to the viewing angle :
a variation between the blue & green colour or fushia & green.
Repositionable black solvent based acrylic adhesive.
Durability : 3-4 years

- **TuningFilm Iridescent Pearl :**

100µm soft cast vinyl, glossy, cadmium-free.
This product has a pearl appearance, with reddish and
greenish light reflection effect.
Repositionable light grey solvent based acrylic adhesive.
Durability : 3-4 years

- **TuningFilm Black Leather & Silver Moon :**

220µm structured soft cast vinyl, cadmium-free.
Repositionable transparent solvent based acrylic adhesive.
Durability : 5 years.

Tuningfilm

Your car, your personality

Founded in 1959 in Ohio (USA), MACtac is a global company with production units in Europe, Asia, the United States and Mexico. With 53 years of experience, MACtac has become a world leader in the field of self-adhesive solutions. MACtac products are used extensively by professionals in graphic, signage, product identification and decoration. MACtac has been driven by innovation, discovering future customers' needs and launching novel products for a wide array of applications. On top of a high level of in-house manufacturing and R&D excellence, MACtac has also developed a strong partnership with its customers and a solid sustainable development policy.
