

FASTBACK® BINDING SYSTEM

FASTBACK® MODEL 15xs

The Fastback® Model 15xs is a high production desk-top document binding machine. It binds from 3 to 350 sheets quickly, easily, and economically. Documents can be edited in seconds. Other primary features include: on demand perfect binding capabilities, teflon coated platens that simplify maintenance and cleaning, and a document cooling rack that can be mounted on the binder itself, or can stand alone. Automatically identifies binder strip and configures the optimum binding cycle. The Fastback® Model 15xs has been designed, engineered, and manufactured to meet the demands of professional binderies, quick printers, in plant print shops and offices alike.

Fastback® binding is strong, durable and attractive. Pages in a Fastback® document can withstand more than 50 pounds of pull. And because our binder strip uses a super tough thermoplastic adhesive that will not become brittle with age, Fastback® documents stay bound for years. Binding strips are available in 16 great-looking colors.

SPECIFICATIONS

MACHINE DIMENSIONS: 22"D x 25"W x 9 1/2"H.

BIND A GREAT-LOOKING DOCUMENT AND PERSONALIZE IT

Do strip binding, perfect binding or Halfback™ bound covers all on one machine. Fastback® offers a stronger and better-looking alternative to coil or comb binding.

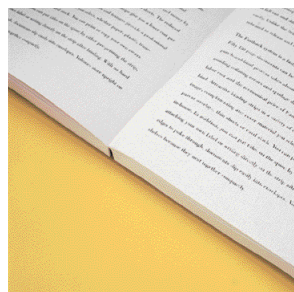

FOILfast
PRINTER

FOIL PRINT YOUR COVER

Foilfast®

Create custom foil-printed covers in seconds. Simply design a cover on the computer with your own desktop publishing software and print. And because the Foilfast® colors are the same as used in the Powis Printer®, the printing on your covers and spine will match perfectly.

- 7 Foil Colors available
- Design Covers on your Computer using any Application
- Print 1 or 1000+ Covers
- Foil Prints on Composition, Clear and other Cover materials

BIND YOUR DOCUMENT

Fastback® 15xs

Just place your document into the binder. Push the bind button and insert the strip. The Model 15xs will recognize your strip and automatically adjust the bind time to give you the strongest bind possible. There is nothing to measure or calculate. Bind your document within 25 seconds. Its strong, professional appearance will last for years to come.

|-----------------------------|---------------------------|
| ■ Strong hold, durable bind | ■ No punching or drilling |
| ■ Document opens flat | ■ Use any cover you want |
| ■ Binds 3–350 pages | ■ Binds in 15–25 seconds |

TITLE YOUR SPINE

Powis Printer®

Add a title and logo to your spine. This unique printer lets you foil-print on our binding strips. The Powis Printer® will automatically size the title to fit the width of your document. Now you can quickly identify your documents even when they are shelved — not easy with comb and spiral binding! Simply enter your title and logo, dock your printer to the Model 15xs and watch it go!
